New Year, new challenges!

Katy Perry is sensual and romantic looking in her latest photo spread for Harper's Bazaar. She's wrapping up her Prism Tour and took time to talk about where she stands now that she's about to turn 30 in October. After two failed relationships, she says she has less time for bullshit. But is still open to dating.

She was just named "Woman of the Year Award" at the *Elle* Style Awards in Great Britain.
